WIRELESS ACTIVE NOISE CANCELING HEADPHONES

Model: E10

Features:

Professional Active Noise Cancellation Technology: Upgraded and advanced chip and professional active noise reduction technology have been adopted to greatly quell the noises from the airplane, subway, city traffic, street or a busy office, helping you focus on what you want to hear. Ignore the outside noises, just relax and enjoy your music, movies, and your trip or commute will be more pleasurable. The ANC technology of Mixcder E10 can be used in both wired and wireless mode.

Upgraded Bluetooth V5.0 Technology: Mixcder E10 is equipped with a powerful Bluetooth V5.0 upgraded chip, twice faster in transmission rate and 8 times wider in bandwidth than Bluetooth V4.2, which achieving lower power consumption, more stable connection, better sound quality and higher performance.

Outstanding Sound Quality: Mixcder E10 features dual $\phi 40\text{mm}$ high-performance neodymium iron boron speaker driver units, coupled with a mighty audio coding CPU that supports apt-X and apt-X-Low Latency, delivering you truly natural, more authentic sound quality and only 34-millisecond super low latency, powerful deep bass and crystal crisp treble for an all-around impressive HD sound quality. Go and explore the wonderful music world!

Five-star Comfort: Upgraded high-end protein super soft ear cushions, 90° swivelling earcups and adjustable headband deliver maximum comfort and durability, so you can get better hearing enjoyment and keep the head comfortable at the same time. Enjoy high-quality, long-listen comfort.

Large-Capacity Battery & Fast Charge: Built-in a 500mAh rechargeable Lithium battery, Mixcder E10 provides up to 35-hour talk/music time with Active Noise Canceling Off (30-hour talk/music time with ANC On) and about 2500 hours of standby time. Besides, with fast charge function, 5 to 8-minute charging can provide up to 2 to 3-hour music enjoyment, and only 0.8-1 hour for a full charge.
