

Papalook

HDR 2K LIVE STREAMING WEBCAM

Model **PA930**

Features:

HDR 2K(Up to 30 FPS) or FHD 1080P(Up to 60FPS), makes your video calling, video games streaming or video recording more smooth.

You can switch between 30FPS and 60FPS pressing the Framerate Switching Button once, which only works when the resolution is less than 2K.

Dual built-in noise cancelling omni-directional mics capture your voice from every angle and filter out external background noise, making sure that you are heard very clearly.

Clip this camera onto flat-screen computer monitors and laptop screens, or stand on desks and other flat surfaces. It also supports tripod which can make it more flexible to place.

Plug and play. Enjoy the easy USB connectivity. And it's compatible with Windows 7, Windows 8, Windows 10 or later, MacOS 10.6 or later, and most video calling applications.

The inclusive privacy cover can effectively protect your privacy. You can cover it when you do not need to use the webcam.
