

AUSDOM

Wireless Mono Headset

Model

A2301

Features:

1. Comes with two AI-powered ENC noise-canceling microphones, AUSDOM A2301 reduces reverse ambient noise of up to 90%, picking up your voice more accurately, and ensuring clearer, more stereoscopic and distortion-free sound even when you make calls in noisy environments. Sounds like a face-to-face chat.
2. Equipped with Qualcomm V5.1 Bluetooth chip, AUSDOM A2301 brings 2 x data transmission rate and 8 x data transmission capacity compared with V5.0, and lower latency, more powerful anti-interference ability, ensuring clearer and smoother callings, and more stable wireless connection; you can connect A2301 to 2 devices at once, switching at will, and on the statut at any time.
3. Built in 400mAh lithium battery, once fully charged, you can listen to music continuously for 50 hours or make calls for 32 hours, meeting needs of a whole week of business calling; fast charging available, only 1.5 hours,you can get a fully charged A2301.
4. Annoying of switching pages back and forth to answer a phone? Need privacy for a while during business call? AUSDOM A2301 headset help to get it all done! Just one tap on the mute button for your privacy, and a click on the multi-function button to pick up or hang up a business calling. All buttons are widely spaced, no worry of misuse.
5. The 30mm moving coil unit is coupled with ultra-thin PET diaphragm, makes sure that the sound is full of elasticity, and the mid-high frequency vocals are clear and durable.
6. Weigh only 75.6g, lighter than most of the headsets on the market! And the arm is elastic, no fatigue even if you wear it all day; the earmuffs and T-pad are made of skin-friendly imitation protein leather and soft cloud sponge to ensure wearing comfort and breathability.
7. Innovative AUSDOM VoipFence technology: creatively combine multiple microphone arrays with AI algorithm, AUSDOM VoipFence technology promise to isolate almost all of the ambient noise during a call, so that your partner can hear what you say in a clearer and smoother fashion.

AUSDOM A2301 Specification		
Battery Spec.	Battery Capacity	Built-in 400mAH lithium battery
	Input	5V 0.5A
	Charging time	About 1.5 hours, supports fast charging
	Talk Time	About 32 hours
	Playtime	About 50 hours
	Charging Interface	Type-C, with USB-A to USB-C converter
Speaker Spec.	Specker Diameter	φ30mm
	Impedance	32Ω±15%
	Sensitivity	115dB ± 3dB (1KHz)
	Frequency Response	20Hz-20kHz
Microphone Spec.	Microphones	Built in 2 Microphones
	Microphone pointing	omnidirectional noise-cancelling microphone
	Sensitivity	-42dB±1
	Impedance	2.2KΩ
	Working voltage	1.5~3.6V
	Frequency Response	100- 10KHz
	Boom	270°
Bluetooth Spec.	Version	V5.1
	Range	10m/33ft
	Transmission Frequency	2402-2480mHz
	Supported Protocols	HSP1.2、HFP1.6、A2DP1.2、AVRCP1.4
	Pairing Name	AUSDOM Voipfocus Connect
	Audio Coding Format	SBC、AAC
